	Sat, Date 07/06/25	Location, Timings and contact	knowing office location, Timings & key contacts	

**Internships Daily Diary (2025-26)**

Week No: 1

Day: Monday

Date: 02/01/25

Today was the first day of my internship at iGap Technologies private limited software company in Kolhapur.

I was introduced to the company, which works in areas like web development, app development and extensive experience in real-time project using technologies such as python, Java, HTML and CSS during orientation.

I learned how these technologies are used in real project through modern tools like

I also meet experienced developers who explained the company's work culture including daily meetings, task planning and testing practices.

The environment was very friendly and focused on learning. I am excited to begin this journey and gain new skills through this internship.

Internships Daily Diary (2025-26)

Week No: 1

Day: Tuesday

Date: 03/01/25

Topic :- software Development + services

The focus of today's session was on the software services provided by the company. I learned about the various stages involved in software development such as requirement analysis, design, coding, testing, and deployment. We also discussed different technologies like HTML, CSS, Java, Python, and Java that are commonly used in their projects.

I understood how these technologies are selected based on the type of project. The company handles both static and dynamic websites, custom applications, and system integration for clients. This helped me get a better idea of real-world project development.

Internships Daily Diary (2025-26)

Week No:

Day: Wednesday

Date: 04/01/25

Topic :- Training & Education services

Today, we explored the company's educational services and training structure. IGAP Technologies provides technical training in trending fields such as full stack development, Artificial Intelligence, Machine Learning, and UI/UX Design. Their training method includes live sessions, recorded lectures, doubt-solving, assignments, and projects work.

I understood how the institute tailors its teaching based on the learners' level - from beginners to advanced learners.

They also offer support in academic projects, which helps students strengthen their practical skills and gain hands-on experiences.

**Internships Daily Diary (2025-26)****Week No:****Day:** Thursday**Date:** 05/01/25

Topic :- Work culture and Development Process

Today's session focused on how the company maintains its workflow and team collaboration. I got insights into their development process, which includes Agile practices like daily stand-ups, sprint planning, and progress tracking. We also learned about how projects are divided into modules and assigned to different team members.

The company promotes a positive work culture that encourages teamwork, open communication, and knowledge sharing.

I understood how important it is to manage time, be disciplined, and follow a professional attitude while working in a team environment.

Internships Daily Diary (2025-26)

Week No:

Day: Friday

Date: 06/6/25

Topic :- workplace & culture

The session helped me observe the workplace environment in detail.

The workspace is designed to be collaborative, professional, and learning-friendly. Interns and employees have access to necessary tools and software to complete their tasks effectively.

I found the team to be supportive and approachable.

They follows a systematic way of working, and regular interaction with mentors makes learning easier. I learned that maintaining professionalism, punctuality, and a positive attitude plays a big role in career growth and team success.

Internships Daily Diary (2025-26)

Week No:

Day: Saturday

Date: 07/06/25

Topic :- Location, Timings & contact

on the last day of the week, we were provided with information about the office location, daily working schedule, break timings and contacts persons for different concerns.

I noted important contact numbers and email addresses of mentors and coordinators. The working hours are fixed and well-organized to ensure smooth workflow.

It was helpful to understand the structure of reporting and communication which is essential for staying on track throughout the internship period.
